

# Farm Biodiversity Field Day

with Dr Norton

Come join us for a short field day with Dr David Norton, who will guide farmers through the process of farm scale biodiversity management. The indoor and outdoor sessions will cover why should a farmer be thinking about it, and what the regulatory and market pressures are on a farmer to consider native biodiversity.

## When:

Tuesday, 25 May 2021  
10am to 2:30pm

## Where:

Brown Farm - Woolshed,  
421 Wharehine Road,  
Wharehine

## Schedule:

10.00am	Sign in, grab a cuppa.
10.15am	Introductions and agenda.
10.30pm	Dr Norton: What is native biodiversity and why is it important.
12.00pm	Lunch.
12.30pm	Landowner and Kaipara Harbour perspectives.
1.00pm	Drive/Walk and talk around the farm.
2.30pm	Depart.

Due to the venue size this event is capped at 25 participants. To register your attendance please [click here](#).

For any questions, call Jon: 027 239 9602

 Biosecurity - please arrive with clean boots and vehicles to reduce the risk of spreading a disease, pest or weed.
